Dear Laura:

Just a note to let you know that we are not neglecting your Navaho book. The costs, however, are so high that we are trying every angle.

One or two developments have just occurred which might make the prospect a bit brighter. In addition to that I plan to go to Europe in April and May to investigate some plants over there. I hope, however, that I might have some good news for you before then. I'll keep you posted.

Best wishes for 1955.

Cordially yours,

HASTINGS HOUSE
