Monday May 21st, 1963

Darling Nell,

I just returned from Lambarene - I do so hope you are back in Washington, I long to see you! I am not calling you yet because I found so much mail when I came back yesterday and brought with me so many things to attend to that I don't allow myself to get to my pleasures before I have attended to the most pressing. Yes, I still want to come and spend time in Washington with you.. I want to hear your plans, tell you about mine and pray and hope we can arrange to betogether.

My little dog is still with Anita for the reasons I have just told you, I must first free myself... Lambarene was so wonderful, he was so wonderful. The enclosed little autograph is just saying thanks to you for the book he loved and to show you that he knows and loves you,

My love is yours always... you know that, Darling,

Erika
