Dear Nell,

Our summer plans are getting somewhat and this is to inquire what the most convenient time for us to stop by in Washington ~~Mt~~ might be. We are going up to Manchester to visit Johnny, Jan, and Eben in late July and August, giving them a chance to get away without Eben for a change. Our projected date for going up is leaving here the 27th, stopping with friends in Englewood, NJ that night, stopping by Washington for a few hours the 28th and spending the night with friends in Middletown, Conn. that night, and getting to Manchester the 29th.

After ~~Manchester~~ we plan to visit friends in Maine for a day or so and get back here the evening of August ~~the~~ 10. If it is more convenient for you, we could easily stop by on the way down, the 9th of August, or possibly the 8th.

Ann is to leave about Sept 1 for Brazil to assist Kathy in her second accouchement, due in midSeptember. I shall go down in early October, hopefully after the great event so I will not be in the way. We hope to be back in time to vote, although I must admit there seems to be a small choice among rotten apples this time. The local elections are more important anyway, and here we have some good choices.

Hope that all is going well with you and that you enjoyed the lovely spring this year. It was particularly beautiful this year in the Washington (DC) area.

Love

Jack
