Dearest One

Well you are snuggled down again & I am sure your second night is better than the first & you feel you could travel indefinitely. I hope you love the flowers.

Its quiet here & our rooms are open between us so that anything left of you there - & there is a great deal I know can dip in & wrap itself around my head.

Its blessed & peaceful here. Dannie came in with breakfast at 9 & was surprised to know I had had mine & cleaned up. I was going to eat the egg anyway to please her & forget.

I visited with Arthur and there saw a Stanford architect Tony picked on me who I didn't like & we had been down city all happier & I yammered with Bob & some of the other boys. I saw R is making his office in the bullpen alongside us which puts IHD alongside of him & gives him access to all offices - I wish had not worrying about "front".

They had a "party" for Sam on his birth day & I didn't come up.

Hunter & Kay & I dined with the Freddy Brysons took simply & pleasantly. She is a nice girl & I like Freddy.

Thursday morning I hear you saying "Texas at last" - 10:30 am by your
hemometer. - Sandy went all out & blowing in base ~~to~~
 keeps pipes ok. I showed the free neck work to

under
south
to coming
down but
will go
unpeached
the file
= so must
don't
I notice in
those
cont.
prelates
JMP

Brien worked quietly here & I showed
Sigie Cks in A/c. & not worry as to when
the books will be closed. tomorrow I give
uncle Sam \$1,000. to close 47 personal
trusses making \$2,100. in all.

And then Toman comes along says
raise corporation taxes. & give each
man woman & child \$40 - I am
complimented to be able to pay \$2,000 that
I have earned by hard work to help
Uncle Sam.

I see you looking at the new baby - boy I hope, the lovely mother & enjoying the quiet ecstasy which overwhelms Robbie to know you are with him. What a penalty to pay for loveliness & charm to be born between 4 house holds as you are! I shall go after our transportation to Europe tomorrow. Bob thought it a great idea but said we should spend two weeks in Sweden. I see Sweden 10 days Denmark 4 days (my painted to England 2 days) Scotland a week. Scandinavia two weeks. Holland & Belgium 1 week. Cut right here France to Switzerland by car. Perhaps train to Florence for a week. Back to Switzerland & motor to Paris to Hotel Dumas. We had their Xmas card. If you wanted Kitty, Lynn with us partly she could speed Phyllis on driving the main rule with - NO HURRY. - God Bless - Love, J. V. N. I.
