

June 15th

First news from the Waxatatchie
off good news as expected.

I hope you will wire the babies arriving
so ~~because~~ you are tucked away at W
& the new instrument not started. K & W
working hard 1st Lyric "We also double
in Brass" sounds good. West or East not
settled but amt she gets known. H & H
- bread on 85 + Lex time + liked it.

At office P.M. came home & slept? hour
& then to hear Saltonstall & Anderson 3rd Apr.
at Economic Club with Raar. very good. Also
dictated 1st roll here & had transcribed at
office - letters to Henry H. & E Graham
among these. Long letter to Sara Newlin
& can see how much worse off you could be if
a widow with only one nelly dau. & a more
nelly granddaughter. A nelly husband is
duck soup compared to that. Have also written
to McHugh who had written me today.

Duke-Am Assn has dinner Sunday nite at
Ceylon-India Inn to hear Dr Trivikram speak on
"Love in Art & Art in Love" the last half sounds
like a little book that hung around your bed
book shelf. Should I go? Also a Hindu child
of 3 reincarnated in America. The Explorer's
dinner is Saturday Lowell Thomas at the hotel

What a gossip I am. K + H up
to Cornwell to comfort Taylor or W. A. S. T.
and I probably to Westport to
start Nealls moving to L. P. Road
Wm is having it cleared for me & I
presume I will let them paint & decorate
it as they wish.

Hope to get over sea estimates on
operation there & all bills paid everywhere.

Have to avoid O'Brien & killing grade
handy & bossy but think she can be held
down. The place misses its mistress
but I hope my part of it will be in better
order when she returns. Also wrote
John Squibb re reservations for
June. Shall see if Hup would like to see
all wood & make a com. He is apt hunting & fags
125- per use his max. car might rent him
