Tuesday nite

Dearest Ones

How about some "front."
John & I have been yarning since ca
9:30 up from New Brunswick at 11:30
He is a satisfactory boy to talk
to & I think more so that Arthur
I have now a reservation on a
freighter June 11th 8 days to Rotterdam
it would put you & Phyllis in the 2 berth
cabin & Burr & I in another & it would
not have the thrill of a big boat.
The Soc of Chem Industry meets
at Edinborough the middle of July
so if you pined for 3 days there
you would meet it under flies and
auspices. That might mean Sweden
from Rotterdam & back to Scotland
or cutting Sweden - Southern England
with Kitty & Gertrude and some

sitting light at small places
with Burr starting in at once
in London & going to Continent
about July 20th with Ruth & Russ.
Holland and France & Switzerland
in Aug. Its all pleasant from
here ——

Your letter this A.M. Surround agree
with May re money wasted on G.I.
& Farmers I believe in most the
things. Going to Tea Today Tea
PM. Have food Corp all planning
Amusement before going away
in June re Co plans

Much to do & feel with
& Guidance can do it

Mollie so glad to see you
next Tuesday J.
