HOTEL DENNIS
ATLANTIC CITY

Party over Dinner & good movies
Went out to Kill mice who bored
me Sure water that went
mind itself & found had died
Again women spoke of yr
me remembered mtg yr 5 yrs ago.
Snow & cold here quite a subs in
N.Y. Hit the morning train but
wont go to W or N.C.
A fine lot of people & good
party. Room comfortable napped
this P.M. & good bath.
Am quite intrigued with
of going L.A. & using Kay's pass
& ed for a week & jolting around
ourselves as we want. Be we
we could pick up a lad to drive
for would to do so.
Rancho Santa Fe where
Brick Wells lives is the Scene place
where Dick Complton has bought

near San Diego. Sokoloff
cd tell us place to go quiet
etc & others we know out there
I would like to see La Jolla
near S.D. Also it sounds
like going on our own — get
having hdqrs.

I will see what I get
done this week.

Another day — the
youngster 3 days old. Since
I think you may want to
stay longer than 2 weeks.

This place is merely bleak
only of doors storm a no East
cutting + cold. It look like a
very hard Country.

All dearest one I feel
miss you + love a lot &
wish you were sharing this
big comfortable room with me.
I go back full of pep
+ ready to go. God bless

J
