Dearest Dee

A beautiful sunshiny day. 1040
very empty but luxurious Yr Stevens Hotel
letter + Bets at hand + rejoiced in. Didn't
sleep well finished Kitty Foyle. fair book
too naturalistic but later a fine story well
put together + strong. Also a bit of Late Geo
Apley. Old Boston. complete + well done.
also H-T. Daniel + I + Monday. Just had
a bath + med. ball + defeating wheats
#1 J.V.N.D. #2 all else. but all are mixed
up I wrote Helen S. & Mrs Steadman at hospital
+ am thinking of Mandy. Bill is top in P.R.
in his class #3600- a year. other the refugee
from Gertrude H. - Kit. (phone does) & Parmeter
+ some work myself. I shall give Monday
a real walk today perhaps to Kit.

Now yr letter it. Bets give a great picture
and I cannot tell you the joy it gives
me for you. What you get out of it
shall share + I am certainly

Its much to learn from some people as to what we should try to do, one is not to hang on to people who stop & cannot go ahead & give what we really want. Yr cannery Sally did the & yrself loads of good. Whether Can use Dickinson or not & what you really think of her & shall see. Wire like her greatly. If not I will read out & find some one else who has qualifications I want.

Well dearest my loaf has pricked me up & here I go. I feel with yr the importance of this associating myself completely for a bit. Let go to Spain only for a time somehow in the Wells for Thank Betty for her letter. I wish she would do a lib of the acting & dancing she has as great potentialities as any I've
