JOHN V. N. DORR
570 LEXINGTON AVE.
NEW YORK, N. Y.

Dearest. Yr wire arrived, and Harold sent the camera this afternoon. I enclose a note from Linda. Note goes down Friday & back Sunday.

How progressed today Definitely. Met 18th time enough to get out and into me get along here to best advantage. Don McLaughlin joins our table July 14 so perhaps will may go along. I shall miss you. 2 other funds of his may be there. Dont some steps towards organization by contacting consultant who helped us before so that if we go ahead it will be easier. About 1000 - 1800 came to the dinner the 27th and the 19 are mentioned & get up & wag their heads but dont speak. Kettering talks on radio from Florida. A friend of Tonys I met in hall today said he had bought a 72 ft yacht that some woman had sailed around the world and planned to take it to the West Indies this fall for use next Summer in cruising with paying guest. Very comfortable cabins & might take 8 people. Bobby is ready to cruise he said so if we could talk them & use & charter it for a month something might be done. H. may get amateur sailors to handle it or a mixture. What do you think it is a Ketch with Kite down 90 ft. probably cd be joined at St Thomas or Porto Rico

I never planned on going over
before but it can be considered
The other way is to fly from Iceland
to Iceland & then get local boats
Bobby did probable charter it for a
reasonable amt Adams is a fine young
man an adventurer at heart
It raining now and I ought to be
going out to the country to look
over the rice.
Your stock in Cochener sounds very
good to me the mgr is sure very enthusiastic
about its development. I think I will
put the money I got out here again.
I thought I had a new letter from
Lyn with me but do not
find it she write well & seems
very happy indeed
Much love dearest Lyn & many are
with us tonight. Gog & I took our dame
things. I just talked to Kit & wish I were going
with her. I wrote Bet regarding her ck book showing
paying Nannie each week instead of twice months
& she failed to answer. Nannie wants some money
I wrote the original deal with her & I want
to know if Bet did or said anything to change
it. Pls ask her to write me fully at once
I shall make a date to speak in Terra Haute
July 29th or Mch 1st I owed you find out if Wilgus
will be home & if so thought we might visit them
the same time. otherwise we can
