There is so much reality in the mind + thought I could almost get the C.S. viewpoint at times.

Cx are nearing Washington + I have nodded + been writing. I shall probably think of much left undone.

Re schools A. tells me a new Caesar girl is coming to Chatham + also its popularity. I would think also of that new hope school + take Barbara + go over for an evening spending the nite at the Inn + seeing our friend the Smiths. It est I think is too but that is entirely O.K.

THE CAPITOL LIMITED

EN ROUTE

Dearest Girl

What a terrible title + legend Pace that lord has? What is humor in contrast + as I look thru this paper on your own sweet pure + radiant face I vowed I could scratch it out. I hated to leave you dear, but cx are not so far apart + I shall ring you tomorrow morning at 8:30 from the train and again at 2 1/4 7

Why don't you ask Eleanor to get in touch with a School Headmaster ~~mistress~~ at once & start to sort out. I would assume that any School you would want Barbara to go to would require seeing her before admitting her and the time is not very long. I would really put this ahead of "the marshes" as job #2.

I know two girls going to New Hope. It makes quite a difference with girls while they go. Both has such possibilities going a long way.

Well dear I am sorry I shall not be able to help you directly: use my staff I shall tell McAfee in Denver & our plans and let it go that. I told Peyton. It makes me feel very irresponsible to be "weeded" again.

Much love dear

John
