Dearest One,

a long + sleepy drive from B. with 300
miles. Tübingen + Stuttgart. - called Robert
First really a plateau with beautiful
farming land no signs of war + only heavy
day + other days - mainly fair weather

Geiselach here + supper. I
I recalled our meeting in '36 + how she cheered
all day saying "I am glad you are here"
+ saw "I am black you are here". Eric told
me the same.

 Tinker's Damn. The Paris Herald tells that a
 Harvard prof is to start a College of Geriatrics
 + one thing is to get rid of the diseases brought
 on by doctors. Says only one in 4 or 50 is normal
 I am coming back to matriculate in
 that College + you must come + visit me
 or look in at the Bars.

The peace score seems to be knocking down the market and I cannot help thinking when I see stopping at the 38th parallel of when I had Goodthwait down, sitting on him was afraid to get up lest he take a knife or club to me.

From this distance it looks serious
and I surely think our Govt has no conception
of saying for once what they are going to
do but simply listen to the Russian bossing
the job & saying we must negotiate with
the Chinese Volunteers. - To Hell with diplomacy
If Mr Atcheson would only call his Gromyko
a S D lying son of a bitch which he is
& has proved himself many times Mr Truman
could be relieved & you would hear a sign
of relief around the word.

It would also do more to prevent war
than anything else especially if he gave the volunteers

Our speed literally
billions to save ourselves
by saving the Germans
and no real attempt to start
that friendship that should
lead us if the Russians
come. The fact that they know
our being here keeps the Russians
out removes the usual attitude
towards "occupation troops"

I should think there wd
be German-American music
meetings athletic meetings
and attempt to get children
of both knowing each other

It would certainly keep
the Germans who want to
practise English to do so

+vice Pres. I will enquire tomorrow Mrs. Gundlach greatly pleased with a copy of Blue Moon I gave her.

Allan O.T. + is having happy Times Can always do a certain lot.

He is coming to Newfane etc
and I suggested stopping at
Hopkinton + seeing if you +
any other wd care to go over

might be interested in Putney
and the Expt + you could
look over things and size up
the gang + see if you would
recommend D.F. doing any
more for them.

I am paying 133 I think
for Rd + part on the pool
but may ask D.F. to refund

it to me if they will
do so.
