house. Sparkling + bright
with a wealth of beautiful
things from over the ocean
wonderful climate etc you
would love her.

Went over the farm with Harry
Because he has a farm his death
duties are cut in half. He
also can deduct some
maintenance. Terrible increased
loss. I never saw such a tractor
wants to mind at each station
but I didn't get a chance to find
any strawberries.

Guess I shall be glad to be
at home again.

I hear the Gorells are down
near the sea + Lady Sorell
doing her own housework
Rosemary not married + with
big family a job. Meat rations very
rotten + sweet. Chicken today nobody
each too much.

PS. Monday Aller. Tuesday
to Paris. Fly K.L.M. July 27
or July 28th in N.Y.
Plan now going up

Am in carriage at
Station waiting for 5.25
to start. Hired another man
brought me down.

Gertrude brought [illegible] tomatoes
pieces of her own to choose
from. Hope you will like
my choice.

Miss Clark her housekeeper
remembered you + the children
asked Gertrude if I could do her
any thing + she said OK so I
can do £1/0/0.

She told me of some friend
who started an old ladies club

the Lake Country.

Hat as Blazer + very pretty Coat
+ blue coat is too heavy.
Her garden is very lovely such
a wealth of things - much larger
than when you were here.
