OFFICE OF
JOHN V. N. DORR
FOUNDER-CHAIRMAN

Dearest One

Try, try, to have faith. It hurts me so much to have a failure of understanding cause unnecessary unhappiness. Try to dwell on what I have done that has been good for otherwise you should despair yourself and me as well.

I somehow seem to have so much coming along to fit into both our

lives.

You have done & can do so much for the world & bless yourself and others and I believe I am working towards the very prompt ending of many problems.

If all was as successful as the road we drove up this morning which didn't think could be done, I wd ask nothing more. Have faith dearest & feel my arms around you with pureness and pride.

John
