Hague again and your cable + long letter awaited me. Its nice to feel I have what you thought yesterday. I know what you think anyway about many things but the wise does emphasize whatever Knows.

Your letters are like yourself + that is the highest compliment I can pay them

How flat I sound. Early morning an hour or two of thought on my work + how to work things out.

The show — your news is confirmatory I wont say I told you so but I knew. + perhaps did. The Brooklyn Inst. sounds good. and G. Central.

The problem of transferring publicity into # remains but have been met and will be

I wonder if you have yet met
Grace King & her lovely daughter
who was in "publicity"
Mrs Rupert King on E 81st or 82nd St
is the Mother. if you feel like it or
haven't write her a note & ask her or
phone & ask her to tea for enough ahead
to get her - She is busy on Bal Estates BU 8-3623
residence. She can might have ideas
both are OK.

It is great to feel you are in the
hands of a past master like Bernays.
Kit & Bobby I noted filing of suit
in Paris Herald today which means
getting the divorce immediately
What a pity she has been so foolish
Its hard to imagine not getting into
trouble & yet sometimes I imagine
there is a lot done & known but not
circulated but you always face break ups.
You cannot take responsibility
so that is that but she has so
much to wait for.

I shall not think of it
I have thought of trying to go to
Denmark but

there is nothing I could tell Ruth and I am tempted to stick to my job.

I have a hard row for work today has been preliminary altho the arrangement made in Paris was a permanent one.

I have had a rough bronchial tube for the last days or two & tempted to pull out for the Tyrol for a few days & join my friends there before taking up the final decisions here. I have a mess of men from the state each fair in their own line but none what I need really

like to have to help me
freely.
I just have to keep saying
to myself I can do it as well
if I dont do it as well as
I want to it doesnt matter
I can always pull out
and give some one else
the job.
I miss not being able
to yarn with G.H. who is in
Turkey till June I gather.
Well the mail goes today again
and here goes.
I have broached with Antoinette
the idea of coming over with me in
July for two months. Nagase wants to hunt a Summer
job if I stint up.* It takes wisdom. Pete
and Lucy there is happy + if they take
care of it. + I could run at no or little cost
to me + have a place available it would
be OK. — and you waiting + planning seems
long — you have infinite patience — Bob + Tommy still
waiting + not to rely on. Dont forget my idea
of studying the Italian Line re Portofino

and talking pictures) abroad. If Barbara was pleased & Tom enjoyed
get a job in NY, Road the Radio comm. very helpful & there. Hasn't
the Lord will furnish + guide.

* I can always help him as I am much better off than a year ago.
