

Dear Grandmother Nell,

I hope everything is well with you. What are your holiday plans? Nell is coming down from Billings on Christmas Day to be with Mom, Dad and me. I haven't seen her since early this year, so I am looking forward to her visit. She'll be here for about a week.

My work has been going pretty well. Currently I seem to be working with a lot of engineers at the local utility rather than business owners. I think I'll try to get back into the business owner market because I prefer working with entrepreneurs. I admire people like you and Pater who are creative and bring new things into the world.

I hope that next year is a very good one for you. Write when you have a chance.

Love,

Tom
