Dear Nell,

Just a note to tell you that I spent a good portion of this afternoon doing a program in French for French National Television. (I do these fairly often). This was just a visit, free talk about anything that came into our minds. We talked a lot about Jacques Maritain's visit, about racism and civil rights, and then they began asking me about your wonderful photograph which struck them as it did me. So, we spent a good deal of time talking about you and your work, looking over the books, etc. So this marvelous beauty that you created with your cameras and heart will be shared with 50,000,000 Frenchmen in a few weeks, and I am delighted. We talkdd at great length about you, about Penn's visit to you, etc. (His work is being much discussed and written about in France now.)

Best love from all of us here,

John
