Dearest Nell,

Still no news from you and we only hope and pray that is because of good reasons and not bad ones.

Things go well and busily here. Piedy is - or seems to be - completely recovered from her stay in the hospital (and that is something to recover from the way hospitals are now!)

My doctor was here tonight and wasn't too unhappy with me, which again is something.

Our best love to you and yours,

*John*
