

Mandy, 1969

Beloved Nell,

I have never been so horribly snowed under with work. Leave out tomorrow again for a week, but wanted you to have this word, and this new picture of our beautiful Mandy before I leave. What a marvel she is and how we thank God for her.

I will be in New London this spring. Is that anywhere near Washington? I hope with all my heart I can come there and plop for a few hours at least, and see you and Chris and be in the blessed house again.

We love the recording, and play it for everyone. Thank you - what a marvelous idea it was.

Best love,

John 11/30/69
