Beloved Nell,

Everything is going on. I wanted to send this quick note to tell you that we are doing a Merton Special on CBS for (I believe) March 19th. I am furning nearly all the photo documentation on him, which means I have been in the darkroom from early this morning until midnight and must do the same again tomorrow. What beautiful things and how tremendously moving to work with them again. Be sure and watch the TV that night. You will see Merton in all his activities and also our great and beloved Father Thompson (the black priest from Ferriday); Jacques Maritain, Father Stan Murphy and many others.

I just came in from California last night. Piedy and Mandy have been down with a strep infection, but are coming out of it nicely. I go~~x~~ to Michigan and Illinois this next week. Wanted to get this note to you in plenty of time.

Great love to you from all of us here,

John
