Beloved Nell,

Just in from Canada and found your letter. How sorry I am you missed the TV feature; but don't worry, all of that and more is in the new book I have almost completed on THE VISUAL MERTON - all photographs and no text.

Yes, I will be there in April, as planned. I am losing much of my bone in the hip, and it has got infected, so they work now to clear that and get the fever in control. I was in Canada with high fever all this week, but the trip was too important to let anything stand in the way.

Thank you for that lovely letter. I don't hear half enough from you, but look forward MIGHTILY and with all my heart to the time we can spend together over the week-end of the 10th on (I think it is).

Everyone here is fine, thank God. So much to talk over with you. Great love to you,

John
