Dear Don-

Thank you so much for the wonderful gift of the negatives of your great project with Joan. I shall treasure them + hope to do something special with them in due course. Meanwhile, it is simply great to be able to make a set of the ones of Joan for each of the children.

Diana gives me news of you. She has been a good, good friend to all of us in our time of trouble. Joan was very fond of her + so am I. If you ever need me or want to see me, tell Diana. I am here.

Love,

Cy
