Kurt and Grace's project seems to be getting along beautifully. John is going over this week some time to help them get their fire extinguishers & all insurance in order to cover large crowds.

I think your garden looks very well. You really need more blooming perenials around but on the whole it looks well. All of

P.S. Please have Miss Clarion or someone send me an itenerary

Wednesday.

Dear Dearest.

Do begin right now to rest, rest, rest. You have a wonderful long trip on board a ship to just relax and enjoy. You've had a very hectic and worrisome year. But now you've straightened all of your (I'm afraid) dependent children - and your houses - and your friends lives -

there aren't any words 3
to express it - You have
only to come and look
at our funny happy
little family to know
what it all has done.
Security - plus the
love in our troubled
family's home makes
our Darge cup run
over. I know I
didn't deserve a
brother like you -
but we all do thank
You, Darling. So
very, very much.

and certainly should
start off with a very
satisfied feeling of
a job well done - and
that You yourself deserve
not only a rest but
a "helluva" good time.
Do take it all, Darling
and know that each
and every one of us
will think of you with
You.
I can't begin to
thank You for all
Your Dome for us -

such wonderful children
+ grandchildren. It
really helps a lot - She
seems on her best behaviour
when they're in town.

Our garden is the
only one of our very
own we've ever had.
+ we have peas in
blossom - cabbage, lettuce
beans, tomatoes, carrots,
cucumbers, onions
+ parsley up - & corn
planted - We're very
proud - We're also going
to have a very good
crop of strawberries

have been up this week
but it's been less awful
than usual. Daddy &
I do do help there -
they don't like to have
anyone's enjoyment
in any way - and
don't give one damn
about how the B.P. feels
about it - they just
tell her off - & she
seems slightly in awe
of them. Daddy just
tells her how lucky
she is - to have

+ have planted quite a few flowers. It's really getting to look lived in & warm around here, & we love it.

Now, again - millions of thank yous from us all for everything - and I do hope I early shall have a wonderful summer. I enjoy each minute. We will all get along beautifully for Isaac. Our very deepest love goes with you each and every minute - & for always

But

the curtains (plus bedspread & bolster) are back & look very well - the spread just exactly fits now. Mr. Kimball has to put up the pictures & the valances in the upstairs room - but otherwise it looks wonderful.

Katharine & Austin
