

Bet. darling - Friday 4 P.M.

At last I am heading for
the West Branch - leaving the
Real Estate people to fight
over the carcass. Have left
our personal few things - and
your room - until it definitely
is rented. Otherwise I think it
looks alright. I will be glad to
have it off my shoulders - also
the expense. Call me when
you get in - do hope all
is well and that you have
had a restful time. I left
all your stockings on your bed
for you to sort over - I wouldn't
throw any away that you can
salvage because stockings

are going to be at a _____
premium. I cleaned part
of your room but left your
closet for I just didn't get
time - I certainly wouldn't
take summer clothes to a
Hotel - or wherever? I have
looked & looked at apts but
so far they look like taking
on a new job & expense.
I think the Hotel may be best
after all. But once 1046 is
rented we can soon get
that decision -

Much love darling to
you - and to Ket
my good friends. P.S.
