

40 EAST 78

March 16th, 1964.

Nell dear:

What a beautiful surprise,
and how like Spring and you!
The exquisite Azalea spreads loveliness
all about, and we are enjoying
its delights and your sweet-

thoughts very much indeed. So
many thanks!
We watch for Mr. Slack's
journal on C.B.S. "Chronicle".
I can well imagine the
wonders of "Little Dorena" -
our Museum Garden spreads
mechanical contrivances and

builders' blocks, but it too will
emerge from this dreary winter,
and I look forward to showing
you its new glories.

Love and gratitude always -

Grace
