

new york, 6.6.54.

my dear dr. darr.

I thank you again for
your 5³⁰ a.m. letter. the
time really is not very
surprising - since it was
J.v.N who wrote at that
time. I think you will
have the fabrics with
this letter. I am sorry
not to have been able
to send it to stuttgart -
but the time was too
short. I think, I did
all the things you have
asked me to do; I
paid the telephone women,
and you the fotos, the

samples, the only thing
and I don't imagine I
will have time for this
comes - to the driver's
license. only because
I have terribly much
to "study" for the school.
I will have students up
to the 12th grade. and
I want to teach perfect.
otherwise I would
rather not to do it at
all. - don't you agree?
the "old art-history" I
have to pick up - not to

have to buy myself
glasses!!!  (to get respect.)

"school-teacher" rose albert (Siri)

1. much -- what I don't know
I'll make up. the room
I shall have at the
faculty-residence is
wonderfull. don't worry
- soon I will be able to
support you and you
can ly down and rest!!
(I know how you love
to just not do anything-
rue!) on tuesday or
wednesday I am going
to take 3 paintings to the
suffern-museum-
director. will see what
he says. one painting
will be from monday
on at a group-show
at barzansky-gallery.
mr. baron, who is the head

of the A.C.H. gallery was
very enthusiastic about
my paintings, he came
especially over to see
them. Dr. Littenfeld came
yesterday over to see
all my new things - I
was a little afraid of
his "reaction" - but he
gave me wonderful
complements, - that I
did not believe my ears.
He also admired your
utillia and the clamure,
loves them!

Your apartment is simply
wonderfull, it looks
the same as when you
left, I have only three

2.) dining-chairs taken into
the bed-room.

If you see Winfried Timpe
or further south, give
them please my best regards.
Is Winfried coming over
here in August?

I heard Greenwell-house
is going to give ~~up~~ the
residence, so all the
girls have to move out.
"Monstern Simkovitch" is
still there. -

tomorrow a very fine
lady (Frau Dr. Baensch, M.D.)
is coming over to visit
U.S.A., she is an old,
dear friend of my parents.

and knows me well.

she will stay one day
in new york and then
go to boston. so I
will see her tomorrow.

would you ~~at~~ mind if
I take her up to see your
office with the beautifull
crew ?? I will ask
miss muller first.

Is it all right if I ask
miss muller to pay the
two samples of the fabric
I did send you? they
are together 2 yards and
 $\frac{1}{4}$. price is \$11.⁵⁵

I hope everything is fine
and you feel wonderfull.
I think of you. -
all my love - rose;
