Dear Nell,

Tis I, the promotion lady  
requesting some promotion!

All I really need, is the names of the museums where any and all of your photographs are in permanent collection, and hopefully some fellow or MS. at the museum(s).

I received a lovely letter from Mr. Irving Sussman and he is doing a giant review for WAY magazine with all sorts of your lovely photographs.

Any other wonderful names will be "wonderfully" appreciated.

In the permanent collection of a Scrimshaw, (I think)
