

Dearest Nell -

Your letter came and brought all the beauty
of spring - The path does clear - and I try not to ask
too much all at once. Instead I think on this film
which will be a gift of love to dancers of life! And

the summer - When we probably can't
see you - but perhaps a special trip in
the fall.... to talk of mother + child and all sorts of
creative things. Meanwhile all love - Greta
