

Playground mosaic by students, parents and teachers of Alvarado Elementary School, San Francisco, California. Made possible through the generous contributions of the community and private foundations. Proceeds to further the Alvarado School Art Workshop, a private community effort within the public school system.

Dearest Nell —
Here is The
material I copied.
Am working now
full steam ahead
on the "introduction"
to the Portfolio —
and will send off
the books (all three)
to Charles Reynolds
soon — I want them

to arrive with a list
which I will copy and
send to you! (our selections)
How are the portraits
coming? Hastily
Love love
Greta
