

and certainly wish I lived
closer and could come by
often. I am getting East often
because I go to Smith College
to meetings -

Frederick is now in Real
Estate. Do tell Chris! We
should all get together and
compare notes. I always
dream of a little cottage in
New England so that I could
live part of the year in The
East - But things seem o.k.

Dearest Nell,

When I was in The East
in May I called to say hello
and

you ♥ Thinking of You ♥
were asleep - I found out that
you are doing well! I am
well also - as usual busy and
productive. I will be East
again in September. Maybe
I can come see you Then - 9
Think of you so often - as always

We all must be grateful for
 what we have - I guess I'm
 getting old! My Dance for Life
 Portfolio is doing well - And I'll
 send you stuff as I have it
 on The future travels for The
 Exhibition - planned to start
 in 1988.
