Dear Nell:

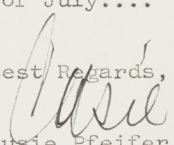

I've finally been able to locate a copy of MOTHER AND CHILD but haven't been able to find any of your other books at my various out-of-print sources. Would it be possible to get a copy of each of the others from you?

Greta was here and went over all your prints with me. I believe she highly approves of the selection and says she'll send me the piece she's writing when she gets back to California. We had a nice visit and she says if you'll send her a ticket she'll come to your exhibition!

In fact Greta's portrait of you is hanging right now in my RECENT PORTRAITURE show and I asked her if I could also hang it in your show in the fall. I think it's very special.

I hope you have a fine Fourth of July....

Best Regards,

Cusie Pfeifer
