Dear Nell:

Many thanks for the 9 "sketches" of a nude that you sent me. I hope to be able to show some of them in September.

Gretta just sent me the piece she wrote about you for the announcement and my designer is coming to see me early next week.

The gallery will be closed in August for some renovation and painting. It was beginning to look a little worn after two years which is how long it's been since the last paint job.

I am quite excited about showing your pictures! I feel it is quite an honor and want you to know just how pleased I am.

Gretta says she'll come for the opening if you send her a ticket. It would be wonderful to have both of you here for that occasion.

I suppose we'll be in touch many times before then.

With warm regards,

Cusie Pfeifer
