Darling Nail Beloved friend -

It was so good to hear
your voice & to hear you laugh.
Lord! we have shared so very
much together, so very much -

I really have no news because I
think I gave you all on the phone -

I would love to know all the
vitamins you take, because I
know I need something!

Spring is here again & one
can almost hear the sap rising
in the trees & the seeds in the
ground stirring & moving & whispering.

You know you have all my
love. Take care of your dear
dear self - With,

Love to Benny too.
