Neil Darling, Dearest dear Friend.

It is with a heavy heart for you that we sail away - You have healed & cared me so many times in so many ways, I wish so that I could help you - If thoughts and love help I am with you - Time & space we cannot know of, and I don't think they exist in our comprehension - Again the words fail and only the great feelings stir - There is one thing your

adorable & beautiful Belts
stays beautiful and young
and yet such a wise and
strong & lovely soul -

Well Darling this note
just tries to say I am with
you & love you most
dearly & Jonas joins me
in all love.
