KIT AND JONAS REINER - NULLAH KHOTI - OCHO RIOS - JAMAICA B.W.I.

Deel Dearest Darling Friend.

I cannot tell you the deep ache in our hearts when we received John's telegram - The news had seemed so encouraging - maybe it would have been easier for you if Beets had not come back to say "Hi Mom", and yet we cannot tell - Beets I know would be the first to not want you to grieve, she was always so protective of you and concerned if you were ever unhappy - I know the terrible sense of emptiness you must feel & we feel for you so Deel Darling - Beets has had a happy life & warm family ties, a loving young husband & two enchanting children - Sometimes it

seems harder when a person leaves
while the music is still playing & the
lights are bright, but she is
scared what you now suffer -

Beats has always seemed a
part of music & laughter and
will always stay that way -

Neil darling it is so hard to make
words tell feelings, for a deep
loving goes beyond any words to
tell and love is stronger than
death and a person who loves
and has been loved never dies -

I know you will understand
what I am trying to say - I
wish we were there to put arms
around you, to help you find
a peace in your heart.

We just love you

Kit
