Dearest Mother,

We have just finished two very hectic weeks. Nothing in particular but I've been just as busy as Mayo. I'll be glad when Chub work takes a Summer vacation.

Last week end we spent the night in Waco. Otie & Ed have begged us to come for so long. We went to the Baylor Theatre Saturday night. The are new by the head of Mayo who put on the Modern "Oklahoma" last year. It is really good experimental theatre and we thoroughly enjoyed it. The play was a Musical Called "Up a Tree" written by an ex graduate. It was catchy & well done. Rob

Alice & Ed are just doing fine. He's a kind, nice boy & I think she'll want wonders with him. It's amazing to see her lane to take the lead.

Last night Susan was in a local style show. A Charity affair. She modeled a blue cotton dress & a pedal pusher outfit with cap to match. She looked adorable & was so excited. I was worn out from her excitement.

We had had a sweet letter from John. It's the first one. I pray every moment that things will work out the very best. I surely surely they will.

I still love my yellow petticoat. No blue bonnets yet. Why don't you come a visiting.

We love you & miss you

Want you here. Always - Barbara
