Dear Don,

Thank you so much for the photograph you sent me with your Christmas thoughts and greetings. Today, on Christmas day I wish you to continue in happiness and good health, and to carry on your work of light in this world that seems dark at times. I know that your candle was lighted today with your thoughts and prayers for our brothers in Poland. Our candle on the kitchen window facing the snow in the fields was shining too, and our prayers went to the Poles and their families, with a bit of our faith to them.

Last night Alston and Ellen were here and we did our Christmas with them before they left for the west country to see Ben and Kay. Alston gave me a beautiful photograph of you
