

I feel like a young girl, once again,
and I am sure it will be good for the
whole family. I don't need to take any
courses, but just work in my project.
I would love to be with you, and I am
sure I will be there - God be willing!
I am also happy to know that you are happy
and that LOVE ~~is~~ is everywhere around
you. I think about you and talk to you
with my thoughts. All my love as always
Kathy

Dear Dore,

6 Feb. '82

Thank you so much for your beautiful letter,
and for sending me the photos of Chris' and
Melody. And thank you for all your words
and for the feeling of togetherness they bring
me.

1982 has brought me a surprise, and that is
a possibility to receive a Ph.D. in Musicology
in 3 years time from Cambridge University. Last
Summer I presented to the Music Faculty here
my research project and now I have been
informed that I can continue working on it

and once I finish it I would qualify for
a Ph.D. They have given me a College too,
and that is Newnham, just across the street
from where we live, and here it goes in this card
and in the photograph for you to see it. Hil
is so happy for me, and I am happy too,
because this gives me a perspective about my
career, and colleagues, and people to talk to,
and access to funds etc. My topic is:
"The Sources of Keyboard music in England:
1550-1650" which is really a study of
keyboard music manuscripts. As you
see, my life has a new beginning once again.
