Dell Sweet,

Here is the Sweet House.

The marriage I have printed out a bit longer by reduction. Also I've made three little printings of the address which I thought you could place about until you found the best place on drawing or marriage & put one of them.

Such pleasant thoughts
have filled my mind
while drawing the picture.
I can see Sweet Home
in all her moods and
seasons and feel her
magic spell, she is indeed
"this side of heaven."

We love you and
think of you and hold
you ever in our hearts,

L.
