Nell dearest,

Such a special treat it was to see you, and looking so well and content too. It did my heart good, truly.

Thank you for all your loving welcome and thought for us, it was all so enjoyable.

We arrived at W.F.F. and they were most gracious and helpful. The order was ready and we packed it in and got started for home in good time. We arrived at Corgi Cottage by 2:30, and were most enthusiastically received by my beloved Corgyn.

Bethany had a bright fire in both stove and fireplace and everything looked so cozy.

What a special place home is
isn't it.

After lunch I went out and
carried in flats of precious Fuschia
cuttings and potted up 2 dozen
Wall Flowers to be wintered over
in the Pit. Tomorrow I intend to
devote the day to planting the
W. F. F. plants, and it will be
an added joy to dream of your
seeing them in June. I can't think
of anything nicer - truly I can't.

We are now all seated in
Winter kitchen, the teapot is under
the cozy and the old clock is ticking
away in a slow and soothing
manner. I'm writing, as is Linda,
Bethany is knitting, Laura is drawing
and the four Corgys are stretched
out in canine comfort before the
fire. Miss Puss is curled up in her
favourite ladder back arm chair.

I forgot to give you Mary Tilley's
address for baskets. It is
