Greeting dear friend.

Your letter was enjoyed both by my wife and I. We always will feel that you are a very special lady.... for you have given the world so many beautiful photographs through your book.

We like each of our friends to buy your books for gifts. We feel they are gifts that keep on giving.

When ever I refer to my family as "we" I mean my little Gail, my wife, my cousin and my business partner who also shares our home. We have a house that was built in 1912. It's a beauty. Everything in it is just like new because the family we bought it from really taken care of it. We have five large bedrooms and large living room and dinning room super large.

Someday soon I shall send you some snap shots.

Random House in New York just bought one of my pinks for a book jacket. When it comes out I'll send you one.

We are so happy to hear you are enjoying your Oranges. We have a boy also and founded this years crop, very sweet... And I love sweet fruit.

Please be extra careful should you go walking in the snow. A fall could hurt you real bad.... Take Care of your self, we all want you to be with us a long time.

"God bless you, God love you and may his peace be with you now and ever more"

As I always do I shall remember you in my prayers.

Sincerly,
Shedrick Williames
