

January 1950

My own John.

Each year we
come closer to-gether in the
perfect unity of understanding
and trust. There is a shining
peace over our lives —
something splendid and
serene.

I am proud and humble
to walk beside you through
the years - to learn the meaning
of life at your feet. God bless
you darling - bless the tie
that binds ever more securely
Ever & Ever
your D.
