their eye is like nothing except an
insane or a criminal. No wonder
they did not want them here while
you were here — Wallace
is the Peast of their reason.

But by the time this reaches
you I will be away to the
Sweet House and my mind
clean from such fears. I see this

It shocked me - and frightened me to have it so close home. I'll tell you about it sometime - but one thing is sure - the Communists are bent on overthrowing all the governments

1. gas and general Peaking would damn J.R.N. Dorr in any sailing code in the world. Copeland's talk has been on a par with his house-building and her horse-keeping. You are prone to defend him - but you will learn one day that he does not merit it. I wouldn't have such a person work for me - I would always be sure it would only be wrong.

Darling ~~forgive~~ me. Don't ever make me again responsible for such messes. We now have someone who I pray is going to organize our Westport area. That will be a blessing - no matter what it costs.

I feel low to night - I just hate to bother you and
