Dearest Bet

Here is the $20 for
two sessions.

Please don't let your
dear mother frighten you
as I got courage going down
the grand canyon by being told
that 30000 grandmothers had
gone down & come back; so you
can remember that I ask
least 100000 & probably 10 times
that number had taken the
trip & no one suffered.

Remember that it is
simply a possible thing
to be [illegible] use but

that the real thing
to me is that you
are one of the dearest
persons in the world
to me and a lot of
other people + whatever
you get in the test
you will still be
with a whole lot of us

Pete
