Monday.

Dearest Peter,

Your Check and letter arrived yesterday and were greatly appreciated. I'm so glad to know that Freddie is doing well and that you're going to have more vacation.

Irene slept longer last night and is feeling a little better today. I hope she continues to improve. I don't think there's any reason for you to come out. Irene's Doctor is doing everything he can for her. and the Obstetrician she is going to have has the best reputation of any around here. and we like them both.

About the A. I. M. E. dinner. I don't think it is possible for me to be home then - I think I will stay and until the night of the 28th and arrive home on the 1st. That way - I'll be able to help the kids move - their lease is up on that date so they'll be all settled and I won't feel badly about leaving them.

There's a couple sort of like Ethel & Jeff - not socially wonderful but really sweet people who love their home & who will do a wing over him.

The movers are coming today & tomorrow to give estimates & I shall begin to pack dishes glassware etc. Bill won't be able to do any work - but I have her laundress who will help me when we get the things moved in. We can move most of the things except the furniture ourselves & the house will be finished (the redecorating I mean) next Friday. So I shall start then & have a week or so to get rugs, curtains etc washed & put in order.

The house is in one of the nicer residential districts and only 2 blocks from the best shopping centre here.

Would you mind telling Bob my plans - I've been darn busy, to write - also please give Dawn
