ANNIE CHRISTIAN - STOCKHOLM, FECIT

I intend to write on you and your work an article in a Dutch photographic review as soon as I will have finished the Dictionary I am making for Elsevier Publ. Cy (Amsterdam) — this about June 1st. Would you be so kind to let me have some biographical and bibliographical details ad hoc? Except the essential things I know so little about you! And are there good critical essays written on your work with which you can agree?
