Dear Madam,

Since our last correspondance took place last March, I thought it best to write and assure you that we are planning on having your Movie The Golden Key for our Meeting on October 11th. This will be shown at the Rochester Museum of Arts and Sciences and we will have the services of their professional to run the projector. I believe we agreed that you would mail the film to me at the above address as I will be responsible for it while it is here. If possible, it would be wise to allow two or three days for it to reach me as our mail delivery is not very prompt. I will see to it that it is promptly returned to you. I presume that the rental bill will accompany the film and that also will be paid promptly.

We are looking forward to The Golden Key and thank you for letting us see it.

Sincerely

Marjorie M. Siebert
