Dear Mr. Hardee:

What a lovely tribute to your wife in remembrance of a happy, fulfilling marriage. This very personal and private record I know must be treasured by your family and close friends.

I very much liked the poem "We are a family...." and was enchanted by the appealing, dear face of the little boy shown with his mother in the fifth photograph following the lines "Days, weeks and months of growing...."

If at any time you are in Brooklyn Heights and would like to stop by and visit, please give me a ring.

Very best to you and yours,

Edith Bouvelle

We had a home in Sherman in the 1950's, sold it in 1960, moved to Roxbury, considered moving to Washington, changed our minds and moved to St. James in 1962.
