Dear Mr. Hardee

Thank you for the
picture study "Life
Dance". The project is
unique, imaginative
and one which, I am
sure, required much
effort and talent.
I am equally sure
that the satisfaction
in the finished document
adequately rewarded
the participants for
their arduous labor,
certainly a labor of
love.

It is appreciated
that you and your
family have shared

this intimate experience
with us. For me it
brings back many fond
memories of experiences
in bringing up my
three children

Thanks Again
Henry Lerou
