

**THE  
MASSILLON  
MUSEUM**

Mar. 11, 1982

Ms. Nell Dorr  
Nettleton Hollow Rd.  
Washington, Conn.

Dear Ms. Dorr,

I enclose a copy of a photograph of your father and a copy of a drawing that he did. Both of the originals are in the permanent collection. We also have in our collection some beautiful portraits that were taken by your father.

I am delighted to hear that your grandson is a photographer. I'm sure that he will take fine care of your negatives. Imagine - being a photographer and having Nell Dorr as your grandmother!

You have rekindled my interest in photography and I am now in the process of trying to locate as many fine Massillon area studio portraits as I can. Around the turn of the century there were a number of portrait photographers who did excellent work.

Thank you for the invitation to visit you. I don't get to New York very often but the next time that I do I would love to see you. Your photographs and your words have been an inspiration. Thank you so much.

Sincerely,

  
John Klassen  
Director
