Dear Nell Dorr:

Margaretta Mitchell has talked to you about our postcard project, and I am delighted that you are interested in participating! I am enclosing a set of postcards for your own use, to show you the quality of reproduction. Also enclosed is a copy of the contract we use, which lists the scenes I am interested in. If you have any questions about the contract, or if there is any reason you can't give permission for the use of those particular photographs, just let me know. If everything does look right, please sign both copies of the agreement and send one copy back to me with the prints. We prefer matte prints but if all you have on hand are glossy ones, that is all right. We need the sharpest prints possible to do the best reproduction job.

Gretta says that if you would like to put the prints you are sending her in the same package with the ones for us, and send the whole batch to her, she will forward the ones for us to us.

Our plan is to have a set of photographs of women by women. Other photographers in the set will be Dorothea Lange, Ruth Bernhard, and Laura Gilpin. I'm not sure yet who the fifth one will be. Not Diane Arbus!

Thank you again for participating!

Best regards,

Anne Adams Helms
